FORD AND EDISON DRY.  
WHAT WILL COME TODAY.  
DANGEROUS PARTY.

—By Arthur Brisbane—  
(Copyright 1930 By King Features  
Syndicate, Inc.)

FRIENDS of prohibition tell the house judiciary committee that a "Dry America" means a country with happy homes, filled with luxuries, everybody enjoying himself. Henry Ford telegraphs his certainty that "the same people of the nation would not allow any dangerous modification of the prohibition law."

Edison and Ford represent the opinions of many Americans. One thing is sure. Nobody living will see prohibition taken out of the constitution, barring a revolution, which we shall not have.

SEVERAL CITIES WONDER what will happen in the way of "red outbreaks" today. That will depend on the wisdom of police in handling the situation, which is partly "red" and largely, "unemployment."

In Newark, early yesterday morning, a combination of alleged Voodoo worship and bootlegging resulted in killing one policeman and one "Voodooist."

POLICE CREEPING CAUTIOUSLY to the top floor door in a house, apparently deserted, heard chanting, rhythmic thumping of bodies against walls, and a colored man saying: "There ain't no such thing as law; everybody makes his own law, according to the light God gives him."

LOUD "AMENS" GREETED THIS. The police broke in, found the small room crowded with men and women, chanting what the police described as Voodoo hymns. There was shooting. One colored man, one policeman killed; other colored folk and other policemen wounded. Old beliefs die slowly. Violent interference is dangerous.

We do not understand management of prisons, or our criminals are different from other criminals.

Weeks ago Warden Hoffman of Auburn prison, New York, told a reporter: "We are sitting on a powder keg."

Yesterday a convict stabbed the head keeper of the prison to death. He knew that the electric chair, nearby, would inevitably avenge that murder. Nevertheless, he committed it. Swift trial and punishment should protect the other keepers.

Careful investigation should find what treatment and conditions drove a convict to so desperate an act.

LEADERS OF NEW "CULTS" often convince themselves. At St. Joe, Ark., Irwin C. Graham, leader of the "incoming kingdom" and later leader of the "visionary" branch, planned with divine aid to cure himself of illness by fasting. He did, and died yesterday, of hunger.

THIS IS NOT NEW. In the middle ages a man announced that he was the real Messiah, would go down to the Bosphorus and walk upon the surface. His crowd of believers followed him and all were drowned, he included.

## Late Flashes Of News

WOOSTER, O., March 6.—Legal action to compel Wayne county authorities to allow Richard K. Mills, Cleveland attorney, to see Charles Mahan, so-called "key witness" in sensational Horst kidnapping case, was taken today. Mills has been retained as attorney for Mahan, who is being held in jail, charged with child stealing in connection with the kid's disappearance.

CINCINNATI, O., March 6.—Charles W. Evans, 39, founder and former president of the Evans Steel and Iron company, died here today. His father built steel mills in Chicago, St. Louis, Cincinnati and Newport, Ky.

MEXICO CITY, March 6.—Guadalupe dispatches to La Prensa say that Abraham Leon, mayor of the town of Jesus Maria in the state of Jalisco, was assassinated by a rebellious element which he had been trying to eliminate. The assassins escaped.

LONDON, March 6.—Statue of Mrs. Emmeline Pankhurst who led the movement for the enfranchisement of women in Great Britain was unveiled in Victoria Tower gardens, Westminster, today in the presence of many of the leading members in the suffrage cause.

WASHINGTON, March 6.—The first year of President Hoover's administration will be discussed tomorrow night by Senator Fess, Republican, Ohio, in a radio address at 10:30 o'clock Eastern Standard time over the National Broadcasting chain.

ELKS, ATTENTION!

## London Conference Stenographer Dies In Fall

### INJURIES FATAL TO RELATIVE OF SALEM RESIDENT

Mrs. Pearl De Maret Was Born In This City; Death Accidental

### MYSTERY CLOAKS NATURE OF AFFAIR

Preparations to Return To America Made At Time of Death

LONDON, March 6.—Members of the American delegation to the London naval conference were shocked today to learn of the strange death of Mrs. Pearl D. DeMaret, 30, personal stenographer to Secretary of State Henry L. Stimson and former Salem (O.) girl, here early this morning.

Mrs. DeMaret fell 40 feet to the ground from her room in the Mayfair hotel early this morning. She was taken to the St. George's hospital where she died a few hours later from internal injuries.

Miss Hurley Fisk, secretary to Michael J. McDermott, senior press officer of the delegation, who shared Mrs. DeMaret's room in the Mayfair was unable to explain Mrs. DeMaret's fall.

"I left the bedroom to go to the bathroom," Miss Fisk told International News Service, "and was absent only about 10 minutes. When I returned, I found the window open and the room empty. I notified the hotel officials who found Pearl on the sidewalk unconscious."

It is believed Mrs. DeMaret had been examining a bouquet of flowers in a vase on the window sill when she lost her balance and toppled out.

Mrs. DeMaret was said to be home sick for her husband and small son (Continued on Page 3)

### BRITISH NAVAL ESTIMATES LOW

Shipbuilding Program Of England Reduced Over Past Years

LONDON, March 6.—British naval estimates for 1930, made public today, show a net total of \$1,739,000 pounds against \$5,835,000 pounds for 1929, or a reduction of 4,126,000 pounds. The British pound has a value of about \$4.86.

A. V. Alexander, first lord of the admiralty, in a statement accompanying the estimates today said the substantial decrease was due principally to reductions which the government felt justified in making in the shipbuilding program of 1928 and 1929 in accordance with a policy already stated in Parliament—that is, trimming of naval building to meet decreased needs produced by the Kellogg pact and other peace instruments.

He summarized the reductions as follows: Five vessels of the 1928 program have been cancelled, namely, two cruisers of the 10,000-ton type with 8-inch guns, two submarines and one submarine depot ship.

Twelve vessels of the program of 1929 have been cancelled, namely, two cruisers, four torpedo boat destroyers, three submarines, two sloops, and one net-layer and target tug vessel. One of the cruisers cancelled is one of the 10,000-ton type with 8-inch guns.

Reports around city hall this morning went to the effect that Service Director Clyde R. Reich had ordered that the town clock again toll the hour for the information of Salem residents.

But still the clock was silent. Still more reports stated that Loren French, valet to the aged municipal timepiece, was out of the city on business and therefore could not connect the striker.

It is probable upon the return of French that the bell will again toll.

### Two Men Robbed By Lone Highwayman

R. B. Maxwell, Washingtonville building contractor and his brother-in-law, Dan Weikart, same residence, were robbed of \$123 in cash, two suitcases while returning from Miami, Fla., where they had witnessed the Sharkey-Scott fight, by a lone highwayman last Sunday, word received by relatives here stated today.

### DEATH LIST OF FRENCH FLOODS GROWS LARGER

Three Hundred Have Lost Lives In Stricken Part of Nation

TOULOUSE, FRANCE, Mar. 6.—Authorities today estimated that at least 300 persons had lost their lives and 11,000 dwellings had been destroyed in the flood which has swept this section of France. It was said the inundation was worse than in 1779.

Although most of the rivers are falling slowly, communications are still interrupted and only sparse information is available from outlying districts. Scores of villages which have been all but swept away by the swollen Tarn, Aegout, Garonne and their tributaries, still are unreported. Opinion was expressed that the number of known dead would be increased when these areas have been checked.

Fresh rushes of flood waters from the smaller tributaries have caused the rivers to fall very slowly. For miles and miles the country looks much like a submerged battlefield. Thousands have lost their all. One old woman, pointing to a heap of crumbling stones, told Georges Perrot, minister of public works:

"There, sir, that was my house. I have nothing left in the world, not even a petticoat, not a flower, not a chair in which to sleep upright."

The Montauban and Moissac area suffered most.

### BARCKHOFF GETS PALESTINE POST

City Council Appoints Salem Engineer Head Of Department

EAST PALESTINE, Mar. 6.—F. S. Barckhoff, Salem city engineer, was appointed city engineer of East Palestine by action of the city's council body here this week.

Barckhoff was named superintendent of the sewage disposal plant and will act in supervisory capacity in both offices.

He has been connected with engineering and disposal plant work in East Palestine for seven years being employed there previous to his appointment as city engineer in Salem.

### Leetonia Youth Is Honored At School

COLUMBUS, O., Mar. 6.—Ray G. Holt, of Leetonia, is one of the 18 students at Ohio State university to be elected to Tau Beta Pi, honorary engineering fraternity, during the winter quarter. He is a senior in mechanical engineering.

To be eligible for Tau Beta Pi, The student must be in the upper third of his class in the college of engineering.

After scholarship requirements are met, selection to the fraternity is based on integrity, breadth of interest both inside and outside of engineering, adaptability, and unselfish activity.

### Four Killed In Blaze In Boston

BOSTON, Mar. 6.—Four persons, a man, a woman and two children, were killed, nine persons, including a fireman, were injured and removed to city hospital and 35 persons including a large group of children, were rescued today when flames swept the Clover apartment hotel in the thickly-populated Shawmut avenue section of the south end.

### AMERICA WILLING TO TRIM SEA ARMAMENT WITH OTHER NATIONS

Would Make 200,000 Ton Slice If Others In Meeting Follow

LONDON, March 6.—Statements by Secretary Henry L. Stimson said that the United States is willing to reduce its sea armament by more than 200,000 tons—if the fleets of the other naval powers are reduced also—was the principal topic of discussion in naval conference circles today.

In a surprise announcement, Col. Stimson said:

"There seems to be an impression that the work of the American delegation at this conference is likely to result in an increase instead of a reduction in the tonnage of the navies of the world. The surest way to answer that is to give such results as seem to be within reach up to date."

"A plan which in its essentials appears to be acceptable to America and Great Britain provides for net reduction in tonnage of the American fleet in capital ships, cruisers, destroyers and submarines, built, building, or appropriated for, of over 200,000 tons, and an even larger reduction on the part of the British fleet."

"If the vessels authorized but not commenced were included in existing fleets, the amount of reduction would be much greater. Of course, these reductions are contingent upon some reductions being made in the fleets of the other powers."

Reaction to the statement was varied. Many were puzzled at Col. Stimson's total—200,000—and did not see how he reached it.

### POLICE FORCES QUELL MEETINGS OF COMMUNISTS

Few Disorders Reported In Ohio Gatherings Of Unemployed

WOMAN ARRESTED IN COLUMBUS AFFAIR

Crowds Dispersed by Use Of Tear Gas Bombs In Washington

Demonstrations of the unemployed throughout Ohio were held this afternoon in Columbus and Cleveland and were scheduled for Canton, Youngstown and in the southeastern Ohio coal fields, later in the day.

At Columbus a gathering was dispersed by city police after a woman, who attempted to speak, was arrested.

The Cleveland gathering was orderly. Police watched the crowd but did not interfere.

In the Belmont county coal fields Sheriff Ford Moore had stationed 15 special deputies to prevent disorder at scheduled meetings.

Police had the promise of leaders of the jobs at Youngstown that there would be no disorder there. Canton police expected a quiet gathering.

WASHINGTON, March 6.—A staunch defense of President Hoover and administration policies was voiced in the house today by Representative Eaton, Republican, New Jersey.

Asserting that the Republican party now was in actual operation of a constructive practical policy for helping the American people solve the economic problems confronting the country, the New Jersey Representative asked for statesmanlike consideration of national problems rather than factional strife.

It was the second time in the course of his congressional career that Eaton has come to the defense of the administration. Four years ago, one year after the inauguration of President Coolidge, he defended the administration from criticism by members of both houses of congress.

### DEPUTY ARRESTS MAN ON CHARGE

Failure To Stop Auto When Passing School Bus On Highway Results In Arrest Near Here Today

Sam Wuthrick, North Georgetown, was arrested on a charge of failing to stop his automobile on a highway while a school bus is taking on passengers, by Deputy Sheriff C. E. Donahay today.

Donahay arrested the man on the Blackburn hill, west of Salem, early this morning when he is alleged to have failed to stop while passing a school bus taking on passengers.

He will be arraigned before Squire H. L. Weikart in Damascus at 7 p. m. Friday.

### GAVEL AWARDED OLDEST GRANGE

County Lecturer Speaks At Meeting Held At Kensington Hall

Mrs. Mark Borton, of near Alliance, lecturer of Columbiana county Pomona grange, gave a history of the pomona at a meeting of granges of the county Wednesday evening at Kensington grange hall. Mrs. Borton is pomona lecturer.

Pomona's traveling gavel was started at this meeting. It was presented to Pleasant Valley grange, the oldest grange in the county, by Glenn Bates, Salem, R. D. master of pomona. Mt. Nebo grange, in the county, will receive the gavel next, and other granges in turn according to the age of their organization.

Each grange represented contributed to the program for this occasion. Lunch was served. About 100 were in attendance.

Those in the company from Perry grange near Salem, were: Mr. and Mrs. Glen Bates, Orval Bates, Mr. and Mrs. Lester Newhouse, Miss Clara Stewart, Mrs. Howard McDonald, Mrs. Nora Burton and Mrs. J. C. Farrell.

### Ministers Plan To Observe Pentecost

Salem ministers will lead their churches in the celebration of the 1900th anniversary of Pentecost, which falls on Sunday, June 8, it was announced today.

Plans for celebration were discussed at a meeting of the Salem Ministerial association Wednesday afternoon.

Among the plans is a method whereby a record of attendance at services will be kept and reported each week through the newspaper.

### CHARGES FILED AGAINST HOME HEAD DROPPED

Testimony of Witnesses Discredited; Several Failed to Appear

### EVIDENCE FAILS TO SUPPORT CLAIMS

No Cause for Removal Is Statement Issued By Commissioners

LISBON, March 6.—John P. Neill, superintendent of the Columbiana County Home and his wife, who is matron of the institution, have been vindicated of the charges recently filed against them, in a decision just handed down by the county commissioners.

The commissioners recently held three separate hearings on the petition filed with the board asking the removal of Neill and his wife.

The finding of the commissioners shows that the testimony of a number of witnesses was discredited, and that some acts complained about in the petition occurred four or five years ago.

It is also pointed out in the decision that witnesses were asked to appear before the commissioners by having registered letters mailed to them, and that a number who were concerned with the petition failed to respond when their names were called.

Text of the findings of the commissioners reads:

"The commissioners received a petition making various charges of wrongful conduct against John P. Neill, superintendent of the County Home, Columbiana county, and upon the request of the commissioners, there was later filed with them affidavits purporting to be the statements of people who could testify concerning the charges, together with a list of witnesses that the commissioners could call."

"The commissioners called all of these witnesses and others by serving notice upon them, by registered mail, to appear. The following witnesses failed to appear: Frank C. Armstrong, John Schilling, Harry Herron, Mrs. Harry Herron, Godfrey Muhleman and Jane Schilling."

"Of these, Jane Schilling filed a sworn affidavit with the commissioners stating that she had never seen Mr. Neill drink, and (Continued on Page 4)

### CONFERENCE TO RESUME FRIDAY

New French Delegation To Arrive In London For Event Tonight

LONDON, March 6.—The naval conference will resume activities tomorrow. The new French delegation is due back in London tonight and Prime Minister Ramsay MacDonald will get in touch with Aristide Briand and his fellow delegates immediately on their arrival.

Meetings have been arranged for tomorrow between the heads of the delegations and the "first committee," or rather the whole conference will meet in committee.

Meanwhile there is great relief of optimism. The return of a French delegation, coupled with the statement by Henry Stimson, United States secretary of state, last night and the decrease in the British naval estimates today, renewed hopes of effective accomplishment by the conference.

### SALEM GIRL HIT BY AUTOMOBILE

Dolores King Sustains Injuries When Struck By Machine Here Late Wednesday Afternoon

Dolores King, 10-year-old Salem girl, was injured when she was struck by an automobile operated by Carl McCave, Goshen rd, about 4:45 p. m. Wednesday.

The girl was not hurt seriously. Acting Police Chief Ralph Stoffer reported today, having sustained only minor bruises and lacerations in the accident.

She was roller skating in front of her home and came out on a driveway directly into the path of McCave's auto. Stoffer reported McCave told police McCave stopped his car immediately and with the child's mother took her to Central clinic hospital where she was given medical treatment.

## THE CHURCH REMAINS

Abraham L. Feinberg, twenty-eight-year-old rabbi of New York, is convinced that the professional ministry is not worth while. Backing his convictions with action, he has resigned his \$12,000 position and will pursue a musical career.

Ex-Rabbi Feinberg believes that Clara Bow is more influential than Bishop Manning; that Sigmund Freud influences more life than the saints in heaven; and that a seat on the stock exchange is worth more to the vast majority of people than a portion of paradise. The lowliest chemist in his laboratory yields more away over the affairs of men than the high priest on his altar groping for a divine revelation; and Amos and Andy reach more people than the most brilliant preachers. All these things the discouraged young rabbi believes.

What is to blame? Mr. Feinberg ascribes the decline of organized religion to the fact that it is an age of science and to the reluctance of religious leaders to equal with the vital problems of politics, sex, economics and unemployment. Because the church has not been able to keep up it has lost its power seems to be the conclusion reached by the young scholar.

It is difficult to answer his statements. Who can deny that Clara Bow is known to more people than Bishop Manning? Who can deny that Amos and Andy are better known to the public than the most brilliant preachers? The joker lies in the distortion of values brought about by high-pressure publicity.

Clara Bow's name appears in advertising far and wide over the nation. Her appearance and voice are known to every motion picture attendant. Amos and Andy are familiar to thousands of radio listeners whose absentee friendship they have made with their wit. And the lowliest chemist, lacking in publicity as he may be, is working with things which the world can understand. But, because the world happens to know more about them and less about religion—the high priest groping for a divine revelation—there is no indictment of religion. The church is not extinct, or even headed toward extinction, merely because it is not continually a front rank attraction for the masses. It does not need necessarily to be such—its fundamental strength will tide it over any periods of depression because it is established in the roots of modern civilization.

Forget Clara Bow, the stock exchange, Amos and Andy, and the chemist, and religion will stand out in bold relief as one of the foundations of society which, if removed, would make Mr. Feinberg's regretted transient attractions topple into oblivion.

## TIMELY COMMON SENSE

Union electricians in Cleveland are receiving \$1.50 an hour for their work, although recent negotiations between them and their employers resulted in a wage agreement of \$1.65 an hour. There was more at stake, however, than a fifteen-cent boost and for the first time in the history of organized labor a union voted to turn down the increase it had won. Union stone cutters refused a similar increase at the same time.

The decisions of the two organizations cleared the decks for Cleveland's building program to proceed without further immediate trouble, because the Bridge and Structural Iron Workers' union, profiting by the unselfish example, tabled its vote to strike. A walkout would have created an undesirable situation in Cleveland, which is already bearing up under a heavy burden of unemployment. The three unions, realizing this, each did its bit to keep labor conditions at their best.

Much of the credit for the commendable actions of organized labor in this instance goes to Harry Mc-

Laughlin, business representative of the Building Trades council. Enjoying high repute as a leader who gets results without causing a disturbance, McLaughlin says: "Some folks seem to think that because a man uses his hand he does not use his brain to think. My own experience is that most workers think things out and they usually think all right when the proposition is properly presented."

A comparison of wages reveals no reason why men who earn more than \$10 a day shouldn't be able to think, but the important thing for Cleveland is that they did think and in the right way. The conclusion they reached may cause other unions to do some thinking of their own, if placed in a similar situation.

A popular magazine informs that numbers of brokers are returning to the land since the stock market crash. They may not be able to raise corn, but they can water the stock and slaughter the sheep.

## What Others Say

**FARM RELIEF IN OHIO**  
Mr. Perry L. Green, Ohio's secretary of agriculture, has a peculiar idea of what constitutes farm relief. In a statement reviewing farm conditions in Ohio he says that "the next five years will see the largest mileage of roads built in the country district of Ohio that have been built in the past fifteen years. When these roads are once built upon the country system, the maintenance of these roads becomes an obligation not alone upon the farmer himself, but upon all the taxpayers of the county. This system of financing the roads offers immediate farm relief."

The average Ohio farmer who is promised a baptism of larger taxation for the building and upkeep of roads which will be used by joyriders rather than himself will be in no haste to conclude that this is the same thing as "farm relief." The farm colony ought to ask the secretary of agriculture to clarify his declaration. —Akrone Beacon-Journal.

## HEALTH

By Dr. Royal S. Copeland

## GARDENING AS AID TO HEALTH

Before long many people will be thinking of their spring gardening. Fortunately are they who possess gardens.

Within the last few years gardening has taken on an added impetus.

During the World War when conservation of food was to the fore, thousands of women and girls took up gardening and many learned to love it.

The Garden Club of America has thrived in numbers during the past 15 years.

There is scarcely a village or town that is without its Garden club, and a good thing it is, too.

There are health, pleasure and recreation all tied up in a garden plot. If the possessor is that happy individual who loves the cut of daisies and Old Mother Earth he is indeed blessed.

Health and much pleasure can be derived from a flower garden, as well as from a vegetable garden. Beauty in nature is some way soul-satisfying. Beauty in flowers is not one of the least of the things which give satisfaction and contentment.

The family that has to depend entirely on the market or the huckster for its vegetable supply does not usually have as much of these vital foods as it should have. Not everybody can have a garden, it is true. But there are many who can have one who never give a thought to all the advantages to be derived from owning a garden.

Nothing can be more desirable than a well-selected variety of vegetables. Just think of all the wonderful vitamins and minerals, so necessary to growth and well-being, you may have stored up in your garden for the entire family for all the summer months.

Take the tomato, for instance. This is probably the richest of all the vegetables in its vitamin and mineral content. It is effective as a blood cleanser. It is richest in the natural acids which keep the stomach and intestines in good condition. It helps to wash away the poisons which may cause disease in the kidneys. It is good for the diabetic and the patient with Bright's disease. Of course, these benefits may be derived from some other vegetables.

Vegetables stand at the head of the foods as regulators. Among other good effects, they give us bulk and roughage so much needed in digestion.

The physical effort you have to put into a garden is good for your health. The farmer finds in his garden relaxation from the heavy work of the farm. Women find it a change and relaxation after household cares. In many a school garden, children are learning the art of making things grow.

For the busy man and woman at work in the city, if they can live in a suburb and own a garden, life is made richer and health made stronger by getting out next to the soil every day. For those who love gardening there is nothing more relaxing for tired nerves, and no better exercise than an hour or more in the garden after a hot day in the city.

**Answers to Health Queries**

1. J. D. Q.—What causes bunions?

A.—Bunions are caused by the pressure of the shoe on the joint of the great toe and until this pressure is relieved, the bunions cannot be cured. Wearing a broad toed shoe will relieve the trouble in some instances.

2. V. N. Q.—How much should a girl 18, 5 ft. 9 inches tall weigh?

2.—How can I gain weight?

3.—At what age does a girl stop growing?

A.—She should weigh about 140 pounds.

2.—Eat plenty of good nourishing food, including milk, eggs, fresh fruits and vegetables. Practice deep breathing, exercise daily in the open air. Get plenty of rest and sleep.

3.—About 21.

## The Stars Say—

For Friday, March 7

Under the benign influence of Jupiter, in conjunction with Luna, this should be a day of notable achievement and satisfactory progress toward the goal of the ambitions. Important changes or removal may be involved in connection with innovations. Avoid loopholes of fraud and subtlety.

Those whose birthday it is are on the eve of a year of great progress, with firm advancement toward high goals, possibly through change of business or environment, but be cautious as to fraud or misrepresentation. A child born on this day should be clever, ambitious and ingenious but may be disposed to gain through expediency or shrewdness.

## Why Few Are Fat

Excess fat has been disappearing fast in late years. So fast that excess fat is the exception now. You see that in every circle.

That change is largely due to the discovery that excess fat is largely the result of a gland weakness. A gland whose secretion helps turn food to fuel. So modern physicians, in treating obesity, seek to combat this cause.

Their method is embodied in Marmola's prescription tablets. People have used them for 22 years—millions of boxes of them. Now almost everyone has slender friends to show them the results.

Go do what they did—try Marmola's. All druggists supply it at \$1 a box, and a book in each box tells you how and why it acts.

To the Editor: The bell of the city hall clock has not struck for a ten-day period and about 10 Salem residents have literally gone on the warpath, accusing our service director of catering too much to one individual in dismantling the strike. They give only reasons based on mere sentimentalism and have nothing on which to base their agitation.

It appears that too many citizens are always too ready to take adverse action on anything that may be a progressive move and which is contrary to their good feelings.

This bell proposition is only a minor affair but it clearly shows the narrow-minded attitude of some people.

If these citizens, very good citizens they term themselves, would not take such radical stands and be willing to expedite the city would progress much faster. And who cares whether or not the town clock bell ever rings? It doesn't concern any, with the hundreds of radios, striking the time of day at regular intervals and thousands of watches being carried by all, the bell is seldom even watched for.

Clyde Reisch must be commended for his efforts in the matter. Just as any city official, in case he visualizes a plan which will better the municipality, he had sound reasons for his action but the minority that agitates return of the chimes, turn a deaf ear to these reasons.

In any other city except Salem this matter would have been dropped without extensive discussion. The "small-town" folk, however, who live and will die with no greater foresight than that which extends past their own proboscis, like something like this to stir up things. It's a lot of honey, that's all.

## SUGAR TARIFF GETS BOOST IN SENATE VOTING

Independents Retrench In Effort To Prevent Further Action

WASHINGTON, Mar. 6.—Jolted by the reversal on a sugar tariff, the senate coalition of Democrats and Republicans independents was jolting itself today to protect its other victories in the grueling tariff controversy.

All of the high-spots in the voluminous tariff bill are coming up for final votes in the closing hours of the six month debate. On the first of these final roll calls yesterday, the senate agreed to increase the tariff on Cuban sugar from 1.76 cents a pound to two cents.

The sugar increase was voted, 47 to 39. Previously the senate had voted 48 to 38 against an increase to 2.20 cents a pound. Three were charges of a "trade" among senators interested in sugar, lumber and oil duties but this was stoutly denied.

### Second Roll Calls

Second roll calls are to come on the attempt to take lumber and cement off the free list, to retain the duty on brick; to give a tariff to hides, leather and shoes, and on a multitude of other controversial items. Most of these were settled by narrow margins before.

The coalition has been successful in almost every major contest in the tariff battle. There were reports that reconsideration of yesterday's vote on the sugar tariff would be sought but there was little expectation of upsetting the decisive margin of this roll call.

## OHIO PRISONERS FACE RELEASES

24 Inmates May Be Freed On Good Behavior By Court's Decision

COLUMBUS, O., Mar. 6.—Immediate release from Ohio penitentiary was in prospect today for approximately 25 well-behaved prisoners who will benefit by a decision of the state supreme court granting a writ of habeas corpus to Frank Reeves, a convict from Meigs county.

Reeves was sentenced to a maximum term of seven years for grand larceny, the sentence to expire Aug. 12, 1931. However, he claimed he should have been credited with 92 days for good behavior, and consequently was eligible Jan. 18.

The supreme court affirmed his contention and, in so doing, paved the way to freedom for all other convicts in similar circumstances.

The supreme court disposed of only two score cases yesterday.

## Bootlegger Shot By Man In Automobile

MINNEAPOLIS, Mar. 6.—Max Golden, bootlegger and former restaurant owner, was shot and killed last night by an unidentified assailant who hid in the rear of Golden's automobile.

Police are conducting their search for the slayer on the theory that Golden had recently been acting as an informer for federal prohibition agents.

who reside in Washington. For this reason she had received permission to be allowed to sail for home aboard the President Harding today.

The stenographer was a niece of Mrs. W. H. Her. Newgarden st. Salem.

Authorities who examined the room pronounced the fall accidental as marks on the window sill indicated that the former Salem resident had clutched it in efforts to save herself.

All arrangements had been completed for her sailing today. Her body had been packed and Mrs. DeMaret, her employer's wife, had presented her with a large bouquet of flowers as a parting gift.

### Was Born In Salem

Mrs. DeMaret was born in Salem, the daughter of Mr. and Mrs. B. D. Larkins on Jan. 14, 1900. She lived with her parents for three years at the residence still located at the corner of West Second st. and North Ellsworth ave. but later moved to Cleveland.

Her father was well known in Salem and was fatally injured in an industrial accident in Cleveland in 1910. His widow and their daughter, christened Pearl D. Larkins, then moved to Decatur where Pearl gained a public school and business college education. She graduated from both Decatur high school and Decatur Business college and immediately entered secretarial and stenographical work.

She was married to Seth Edgar DeMaret of Washington, D. C., a government employee in 1924 and in 1925 entered the employ of Secretary of State Henry L. Stimson. Mr. and Mrs. DeMaret resided at 2109 I st. NW, Washington. A son was born to them in 1925.

Late in 1929 Mrs. DeMaret was selected by Mr. Stimson as his personal stenographer for the London conference. She wrote to her mother, Mrs. Her. Newgarden st. Salem, efforts to secure a birth certificate from Health Commissioner T. T. Church here, last December. Following which Mrs. DeMaret was granted a passport to make the trip to the conference.

Mrs. DeMaret visited Salem for the last time about 10 years ago when she spent a short time with her aunt and the latter's husband at their home Newgarden st.

## COUNTY YOUTH DECLARED SANE

John Densmore Held Mentally Sound By Lima Officials; Must Now Be Sentenced For Theft

Lisbon, Mar. 6.—Prosecuting Atty. John E. Baucknecht has been informed by officials of the Lima state hospital for the criminal insane that John Densmore of East Liverpool is sane and responsible for his acts.

Densmore recently entered a plea of guilty in common pleas court to stealing an automobile, and at the suggestion of his counsel Robert M. Brookes of East Liverpool, was committed to Lima by Judge W. F. Looney for observation.

Densmore will now be returned to this county and taken before the court for sentence, this having been deferred by the court until he could undergo observation at Lima. It is likely that Sheriff W. J. Barlow will leave Lisbon Saturday for Lima with George Nick of Lisbon, indicted for the murder of Christy Basaras, and who was found to be insane by a jury last week. Barlow will then return to Lisbon with Densmore.

## RUNNER SHOT BY HIJACKERS

Incident Occurs On Ohio Highway; Steal 100 Gallons of Booze

MT. VERNON, O., Mar. 6.—Robert Johnson, Columbus, was in a hospital here today with four bullet wounds in his body as a result of an encounter early today with two liquor hijackers, one mile north of here who robbed him of 100 gallons of liquor.

Johnson told county authorities that he was attacked by two men while transporting the liquor from Cleveland to Columbus and when he failed to stop they fired on him, one in the left ear and the other in the right shoulder.

After being wounded, Johnson said he laid down a smoke screen in an attempt to escape but the injuries forced him to halt. Johnson said that the men robbed him of the liquor and then brought him to the hospital here.

County officers asked Columbus police to watch for the two men. They said that the stretch of the three C highway north of here where the hi-jacking occurred today has been the scene of numerous attacks on liquor runners by gangsters.

## Autos Banned From Northern Campus

ADA, O., Mar. 6.—Students at Ohio Northern university must refrain from driving automobiles except for the purpose of commuting under an order issued by President Robert Williams.

The action followed the deaths during the past two weeks of two students in automobile accidents.

The latest crash death was that of Thomas Downs, who, as a passenger in the car of Daniel Raeburn, 23, of Warren, was killed in a collision with another automobile on the Harding highway Saturday night. Raeburn has been indicted by the Allen county grand jury at Lima on charges of driving an automobile while intoxicated.

### To Lengthen Trains

COLUMBUS, Mar. 6.—Sidings at 15 stations between Columbus and Toledo will be lengthened to accommodate trains of 150 cars, officials of the Hocking Valley railroad have announced. The longer trains will be operated as soon as 20 new locomotives are placed in service.

### Prisoners Changed

LONDON, O., March 6.—With the transfer of 104 men from the Ohio state penitentiary at Columbus to the London prison farm here, the population of the honor camp today was 999, the largest number on record.

"My coughing and sneezing stopped just like THAT"

"Going home from a dance in my thin evening dress and slippers, I caught a frightful cough. I knew I had to go to work the next morning and I dreaded a sleepless night. When I got home my mother gave me some Smith Brothers' Cough Syrup. In no time at all my coughing and sneezing stopped. I slept like a log. In the morning I was quite well enough to go to business." ## YALE PRESIDENT DIES IN JAPAN

Noted Educator Stricken With Pneumonia While On World Cruise

NEW HAVEN, CONN., Mar. 6.—Death has overtaken Dr. Arthur Twining Hadley, President Emeritus of Yale university, in Kobe, Japan, during a world cruise. He was 73 years old and president of the university from 1899 to 1921.

Stricken with pneumonia, the noted educator, writer, lecturer and economist died yesterday after a two-day illness. News of his death was received here last night.

Hamilton Hadley, New York lawyer, a son, said that news of his father's death came as a great shock. A cablegram from his parents a few days ago reported both in good health, he said.

Dr. Hadley, Yale's thirteenth president, retired 22 years later after one of the most notable administrations in the history of the university to devote his entire time to the study of economics, to writing, and lecturing.

Besides his widow and Hamilton Hadley, he is survived by another son, Morris, also a lawyer in New York, and a daughter, Mrs. Nicholas Moseley of this city, whose husband is Provost of Albertus Magnus college.

## Famous German War Leader Passes On

MUNICH, GERMANY, Mar. 6.—Admiral Alfred P. Von Tirpitz, German war-time naval leader died here today.

The admiral died at 2:30 o'clock this morning. Death was attributed to paralysis of the heart.

The aged leader's end came in a sanitarium at Ebenhausen, just outside this city, where he had been staying for a short time because of the condition of his heart.

He recently suffered an attack of bronchitis from which he temporarily recovered but the illness left him with a chronic heart condition which necessitated his going to the sanitarium.

## Son of Gladstone Dies In London

LONDON, Mar. 6.—Viscount Herbert John Gladstone, youngest son of the Victorian statesman, William E. Gladstone, died early today of bronchitis. He was 76 years old.

Lord Gladstone through most of his adult life was prominent in politics and in the councils of the Liberal party. He was born at number 12 Downing street in 1854, when his father was chancellor of the exchequer. He served in parliament and once was home secretary.

### Woman Slain

AKRON, Mar. 6.—Mrs. Florence Reeco, 25, widow of Harry Reeco, killed more than a year ago in what was believed to have been a botched murder, is dead—the victim of stab wounds said to have been inflicted by a rejected suitor. Police are holding a youth in connection with the killing.

## GANGLAND AGAIN EXACTS PENALTY

Well Known Chicago Man Taken For Ride By Underworld; Police Recall Threats

CHICAGO, Mar. 6.—John (Dingbat) Obera, beau Brummel of gangland who vainly courted politics "back of the yards" was ferreted out by his enemies last night and slain.

Sam (The Shadow) Malega, Obera's bodyguard and chauffeur, was also taken on the ride that removed "The Dingbat" from the south side beer business.

Police recalled that, hardly more than a week ago, Frank McErlane, "the tough one" cried out: "the war is on."

McErlane had just been attacked by gangsters as he lay already thrice wounded on a hospital bed. He refused to tell police who shot at him, but he did warn:

"When you find some rat lying in a roadside riddled like a sieve—that's McErlane getting even."

Thus was "the dingbat" found; his body was slumped in the front seat of an expensive, blood-marked sedan, ditched along a lonely forest preserve road; the head was riddled so badly that the back looked as if it might have been crushed.

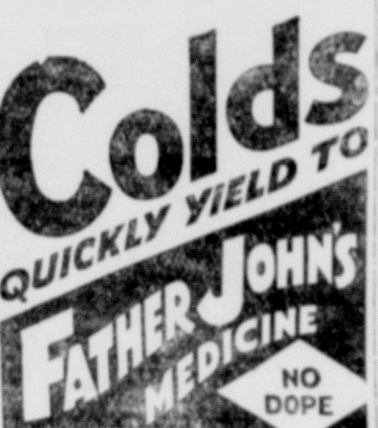

McErlane was sought today for questioning.

## DRYS LAUD ERA OF PROHIBITION

Golden Picture of Past Decade Is Painted By Witnesses Today

WASHINGTON, March 6.—More golden pictures of the benefits which prohibition has brought to the country were painted today before the house judiciary committee today by a procession of dry witnesses, who appeared to dispute the indictment brought against the 18th amendment and Volstead law by the vets.

olic and a Louisville manufacturer, told the committee the prohibition law have saved more lives in the United States than were lost in the World War by the American forces. The death rate, he said, has steadily decreased since prohibition became effective, and the economic benefits of the law have been incalculable.

Before prohibition, Callahan said, deaths numbered 5.2 per 100,000 population while 11 years of prohibition show the loss of life of 2.2 per 100,000, a reduction of nearly 50 per cent.

Based upon 100,000,000 population prohibition has saved 124,300 lives in the nation, he said.

Legislator Dies

WASHINGTON, March 6.—Rep. James P. Glynn (R) of Connecticut, died suddenly this morning as a train upon which he was returning from West Virginia, approached the union station here.

Children CRY for it

It may be the little stomach; it may be the bowels are sluggish. No matter what coats a child's tongue, its a safe and sensible precaution to give a few drops of Castoria. This gentle regulation of the little system soon sets things to rights. A pure vegetable preparation that can't harm a wee infant, but brings quick comfort—even when it is colic, diarrhea, or similar disturbance. And don't forsake Castoria as the child grows older. If you want to raise boys and girls with strong systems that will ward off constipation, stick to good old Castoria; and give nothing stronger when there's any irregularity except on the advice of a doctor. Castoria is sold in every drugstore, and the genuine always bears Chas. H. Fletcher's signature on the wrapper.

### How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin  
Lost Her Prominent Hips  
Lost Her Sluggishness

Gained Physical Vigor  
Gained in Vivaciousness  
Gained a Shapely Figure

If you're fat—first remove the cause!

KRUSCHEN SALTS contain the 6 mineral salts your body organs, glands and nerves must have to function properly.

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Try one half teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—in three weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 8½ bottle of KRUSCHEN SALTS from Leach Drug Co. Stores or any leading druggist anywhere in America. (lasts 4 weeks). If this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superlative improvement in health—so gloriously energetic—so vigorously alive—your money gladly returned.

### Bank Robbers Given Long Prison Term

SANDUSKY, Mar. 6.—David T. Roberts of New York City and Lawrence McMillen of Toledo, were under sentence today to serve not less than 25 years in Ohio penitentiary. The sentences were imposed by Judge W. L. Fiesinger when they pleaded guilty to charges of robbing the Berlin Heights Banking co., at Berlin Heights, near here.

Although the Ohio statutes provide sentences of life imprisonment for robbery with firearms, Judge Fiesinger fixed the penalty at 25 years to prevent a parole in from time to time.

Roberts' bride whom he married in jail at Portsmouth, Ohio, and who had been held as a material witness has been released.

### Ultimatum Issued In India Request

AHMADABAD, INDIA, March 6.—The ultimatum of Mahatma Gandhi to the British crown asking for Indian national independence, and threatening in lieu of that, a campaign of intensive civil disobedience, was made public here today.

Gandhi, venerable Indian nationalist, after a vehement attack on British rule in India, which he says "has impoverished the dumb millions," says: "On bended knees I ask you to ponder this phenomenon."

The ultimatum is addressed to Viceroy Lord Irwin.

### Suspect Released

LIMA, Mar. 6.—Robbery charges against William Everhart, who has been held as a suspect in the hold-up of the Beaver Dam bank near here last December, 10, have been dismissed by the Allen county grand jury. Everhart has been absolved by the confessions of two Ohio penitentiary convicts.

### NEILL CASE

(Continued From Page 1)

that to her knowledge he was an honorable and upright man.

The board of county commissioners heard evidence upon the alleged charges of two separate days and testimony of thirty-eight witnesses was received.

"Considering the testimony according to the several charges we find that with reference to the claim of malfeasance, that there was no evidence of any kind received or offered to support the claim made in the petition.

"With reference to malfeasance, there was no evidence offered to support the claim that intoxicating liquors were used about the home or that the superintendent, drunk intoxicating liquors with the employees of the home.

"With reference to nonfeasance, there was no evidence that any of the employees were permitted to drink or become intoxicated about the institution or that the employees, at any time, were without proper supervision and management or that any of the inmates were mistreated or abused.

### Charges Were Old

"With reference to drunkenness, various witnesses testified to seeing John Neill intoxicated three, four and five years ago and one witness to seeing him intoxicated on one occasion within the last year. A close examination of the testimony of these witnesses disclosed that they could not testify to such facts with certainty and several were discarded so that their testimony could not be accepted or believed.

"Concerning immorality, one witness, Nellie Mervin Crubaugh testified to various immoral acts on the part of John P. Neill, and improper actions on the part of Mrs. Neill, but many reputable persons testified that she was untruthful, unreliable and could not be believed under oath, and this board is unable to place any reliance on her testimony.

### Not Substantiated

"Other charges contained in the petition were not substantiated and the outstanding features of the charge is the fact that practically all of the alleged occurrences and acts occurred four or five years ago, and were not disclosed by the parties until sought out by persons inflating the petition, who, in testimony before the board, stated that they had taken the petition to various signers, but had not signed the petition themselves.

"The testimony of the attending physician and a nurse and other witnesses satisfied the board that the inmates have been receiving proper care and attention. That food has been plentiful and of good quality, and that the requirements and welfare of the inmates is attended to by the superintendent and

## THE DAY In Sports

MULLINS FIGHT SHOW  
DISTRICT TOURNAMENT

If present plans of the Mullins Foremen's club materialize, an all-star fight show will be held at the Memorial building gymnasium during the latter part of this month. Several meetings have been held by the club's board of directors with intentions of mapping out plans for the event while E. M. Murley has been placed in charge of the match-making end.

Mullins shows in the past have drawn an average of about 950 fans to the Memorial gym. The fights have always been rated by fight addicts as among the outstanding held in the district and it is with the intention of maintaining this precedent that plans are now being made.

Salem High enters the district tournament at Akron tomorrow as one of the weeklings of the competition. It is given a chance to win two games, one with South High of Akron and the second with Youngstown East, but according to dope experts, can hardly hope to continue through the rest of the tournament when it must oppose Canton McKinley, a team which holds a decisive 40-22 over the Red and Black already, in the semi-finals.

Three years ago this week a Salem High team, one which lost only one game in its schedule of 23 games, entered the tournament, doped as one of the strongest combines entered. It encountered difficulty in winning the first two games but went through and was selected to represent this district in the state tournament at Columbus.

Fans can hardly hope for Coach Floyd Stone's towers to duplicate this great 1927 team's accomplishments for he has no Mal Rush, Bob Campbell, Ed Sidinger, Pete Harsh, Rib Allen, or Les Older on his team. Any of these six players could rate a varsity berth on almost any scholastic squad and to have them all available during a single season is something which doesn't occur at regular intervals at any school.

The team of three years ago was undoubtedly the greatest ever representing the Red and Black in cage warfare and one player of equal caliber to any of the six players on the squad would be mighty helpful to Floyd Stone tomorrow.

Robert Moses Grove, elongated slabster of Connie Mack's Philadelphia Athletics, today observes his 30th birthday. Lou Blue, christened Luzerne Atwell Blue, passed his 32nd milestone yesterday. Melvin T. Ott, youthful New York Giant slugger, was empowered with voting franchise as an American citizen Monday when he became 21 years of age while Arthur C. "Dazzy" Vance of Brooklyn Dodgers pitching fame, was 37 years old Tuesday. Frank J. O'Doul of the Phillies passed his 33rd birthday Tuesday.

## Tournament Schedule

Here is the schedule of play in the Akron tournament which starts tonight:

**TONIGHT'S GAMES**  
7 p. m.—Akron Central vs Kent Roosevelt.  
7:50—Akron East vs Minerva.

## Florists Subdued For Second Straight Time In Sensational Battle

The McArtor Florists played what was probably their greatest game of basketball during the entire 1929-30 season during the two periods but were unable to stand the pace set by the strong, titular asping Golden Eagle aggregation and as a result the latter cage representation is awarded Class A championship honors for the year.

The Golden Eagle combination won their second consecutive decision over the Florists, defeating them in a sensational battle last night at Memorial gym, by a 28-21 score. The game surpassed anything seen in the form of basketball competition here for the entire season.

Seeking revenge for the 43-16 setback handed them by the Birds Tuesday night, the Posies displayed a strong defensive attack and held the champions to an almost even game for slightly more than two periods. Starting the third quarter, however, the Golden Eagle crew penetrated the defensive combination hitherto found almost impenetrable and stepped ahead to a seven-point lead which insured victory.

It was a typical Salem city titanic battle with everything possible mixed in. Les Older garnered the first points of the game when he tossed in a field goal after two minutes of play had elapsed in the first period but Andy Flip evened the count with a short shot. Bob Cope with a fielder as the quarter ended. Springer caged two charity shots to tie it up again. Older was called for hacking Springer on another play and the Posies star added another foul toss. On the next play he added a field goal from the center of the court, making the score 7-4.

Already there were indications that this was to be a real struggle and momentum was added to its spectacular points when Joe Kelley tossed in a field basket and Allen tied the score with a foul toss. Flip shot a long one but Older and Allen retaliated with one apiece and the half ended with the champs on top of the 11-9 score.

Springer eluded Older to connect with a short shot on the first play in the third quarter but from there on the Eagles stepped to the front and never headed. They added nine points to their total to double the score on the Posies but Springer brought his team back in to the running by zooming the leather through the hoop from the center-line on two straight attempts. The third period ended with the score 22-15.

Springer, Roessler Tally Springer and Roessler brought hopes to Florist fans by looping in a fielders at the start of the final period but Older came through with two two-point shots and Caplan and Allen each one to put elements on the victory and the city championship.

Allen and Older were outstanding performers for the winners while Springer and Roessler took honors for the Posies. Andy Flip played a stellar defensive game, outscoring Bob Cope, 4-2 in field goals, but Cope evened the count on two foul shots. Older and Springer shared high point honors with 13 each.

## Sport Slants by ALAN J. GOULD

If their pitching prospects brighten to the point of producing results, Bob Shawkey thinks that his own Yankees and the Detroit Tigers will be as dangerous as any factors in the forthcoming American League pennant race.

I found Shawkey between rounds on the links of the Miami Beach country club, prior to his departure to St. Petersburg to take command of the Yankees for the first time as successor to the late Miller Huggins. Bob breaks 90 most every time out and is in a position to challenge Babe Ruth or possibly even Sam Byrd for the club golf championship.

"Pitching being at least 50 per cent of the success of any ball team, we intend to devote a big part of our training work to development of the boxmen," said Shawkey, at one time himself among the greatest curve ball flingers in any league. "We have the hitting, our catching is improved and I have several possible infield combinations, in addition to a new leftfielder."

Little remains of the once famous "five star" pitching staff that played so big a part in the Yankee championship streaks. Waite Hoyt is the only survivor of the 1921-23 group. Herb Pennock is at the point where he must recover deliver this year or retire. Sam Jones has not been with the Yankees in some years. Neither has Carl Mays, the old submarine ace.

It has been a difficult job replacing these stars as they passed on. George Pipgras has become a regular. Wiley Moore was a sensation in 1928 but a flop the next year. Old Tom Zachary staged a come-back, winning 12 straight games in 1929 but his major league career is mostly behind him. Roy Sherid is regarded as a likely prospect but the Yanks can use at least two more consistent winners, with only Pipgras, Hoyt, Zachary and Sherid to count on from the outset.

Wrestling styles, as well as "trusts," have changed in recent years, in the opinion of Joe Stecher, the Nebraska farmer who is a veteran at the grappling game although only 34 years old.

"I can remember when the Joe-hold, made famous by Frank Gotch, was all the rage," remarked Stecher in Miami, where he recently wrestled Gus Sonnenberg. "After that it was Stranzler Lewis's headlock or my own body scissors."

Earl Caddock mastered most of the tricks and was known as "the man of a thousand holds." Big Munn and Gus Sonnenberg, with his flying tackle, have injected new stunts. You don't hear so much anymore of the hammerlock, the half and full Nelson or the flying mare."

## Three Golden Eagle Players Named On All-Star Team

Three Golden Eagle players and one member from the McArtor Florists and the Electric Furnace are named to the Class A city league All-Star team by fans, compilation of selections submitted showed today.

Lester Older, Lowell Allen and Bob Cope, all members of the championship Golden Eagle team were picked by fans for the first squad with Harry Vogeli of the Electric Furnace and Wilbur Springer of the Florists' team.

About 25 fans submitted selections, naming two and three teams. Popular selections follow:

## Four Games Slated To Start Action In District Tourney On Akron Floors Tonight

Four games each of them involving an Akron school and one an invading aggregation of hardwood artists from Columbiana county, open activities in the annual northeastern Ohio tournament at the Akron Glenside gym tonight.

East Palestine High, with Salem the only Columbiana county team entered in the tourney plays its first game when it clashes with Akron Garfield at 8:40 while three other games, played at 50-minute intervals, will also be played.

Akron Central opposes Kent Roosevelt High in the first game at 7 o'clock following which Akron East, one of the tourney favorites, meets Minerva, an aggregation rated as the weakest in the competition. Garfield and Palestine play next and at 9:30 Barberton High meets Akron West.

Four games are also on the Friday night schedule, all starting at the same time as tonight's struggles, but the big game, as far as Salem fans are concerned, will take place at 7:30 p. m. Friday.

This will be the occasion of the debut of Coach Floyd Stone's protégés in district tournament competition and they will meet as probably all are aware of now, Akron South at 1:40 p. m. Saturday.

Teams which might be rated the strongest in the tournament are these:

Akron North, Akron East, Akron West, Youngstown South, Girard and Canton McKinley.

A combination fountain pen and radio receiver is the invention of a Manila university student.

Friday's Games

Niles and Campbell Memorial meet in the first Friday night game while the Salem-South clash is second on the bill. This latter fracas has been selected by tournament officials as the big game of the evening due to the fact that the teams met in a sensational argument here during the season, the game going into an extra three-minute session before the Stonemen won by two points.

Canton McKinley clashes with the weak Wadsworth team at 8:40 in

### "An Amazing Web"

By H. S. Keller  
Harry Stephen Keeler is rapidly being known as one of America's outstanding mystery story writers. He has written two novels selected by the E. P. Dutton company as Dutton mysteries of the month and now repeats with his latest book, "An Amazing Web."

The book is just what the title indicates but proves his ability in narration of mysteries in more spectacular fashion than ever before. He combines a series of mysteries, many in number, ties them all into one knot and unravels it by bringing all of the varied forces into a single, smashing conclusion.

Keeler's imagination, however, is too terrestrial for humor and in saying wit becomes grotesque. In the rush of action in the mystery, many of his notions become naive.

But above it all Keeler is still one of the greatest unravelers of mysteries. He has too much to tell, his action moves at too great a range for one to bother with the minority of rough spots.

The book is a 165,000 word story containing seven different plots. It is in reality two novels in one and is published by the Dutton company.

### Today's Pattern

1812

THE woman of more generous proportions will welcome this attractive dress for wear around the house because of its slenderizing lines and neat appearance. The long vestee which joins the skirt in a point tends to lengthen the figure. Tiny pearl buttons trim the bodice daintily.

Pattern 1812 is lovely made of printed gingham, percale, cotton broadcloth or pongee, and trimmed with white pique. The pattern gives both long and short sleeves set in, making trim, well fitting shoulders. May be obtained only in sizes 38, 40, 42, 44, 46 and 48. Size 38 requires 3½ yards of 36 inch fabric and ½ yards trimming.

No dressmaking experience is necessary to make this model. The pattern has ample and exact instructions. Yardage is given for every size. A perfect fit is guaranteed.

## THE HOME KITCHEN

By Jeannette Young Norton

It really pays to cultivate a taste for raw oysters—in fact, it is a cultivated taste among most persons. The idea of swallowing this little bivalve whole and raw isn't alluring on the first occasion. Except for the appetite whetting comments which accompany the dish, it's the raw oyster, however, that has all the vitamin merits—A, B and C—and it is most wholesome and digestible

in the raw state. However, many people cannot overcome a prejudice against the raw oyster, although they do like the flavor well enough to enjoy it cooked.

In that case, one can well make up for the A and C vitamins which are destroyed by cooking, by mixing with other foods which contain them. Milk, of example, what the oysters lack the milk supplies,

and so an oyster stew is one of the most nourishing and wholesome of foods. However, it is substantial enough for a main dish—a complete luncheon, for example. And so, if oysters are served as an accompaniment to the meal, they need something not quite so filling. Any of the green vegetables will do. And a bit of bacon helps along, too.

### Oysters Hors d'Oeuvre, Hot.

12 oysters on half shell.  
¼ cupful chopped pickle.  
12 small strips of bacon.  
Place the oysters on the broiler rack. Put a dab of the chopped pickle on each oyster and a strip of bacon to cover on top of that. Place under the broiler, and when one side of the bacon crisps, turn it over until the oyster side is finished. By that time the oysters too will be cooked and slightly curled. Serve three or four per person on shell, direct from oven.

### Baked Oysters

2 dozen medium-sized oysters.  
2 tablespoons butter.  
3 tomatoes.  
1 green pepper.  
¼ cupful cracker crumbs.  
6 large strips of bacon.

Butter a large baking pan, sprinkle the breadcrumbs thickly on it. Then place the oysters in rows. Put slices of tomato and a sprinkling of chopped green peppers over them and the strips of bacon on top. Place under a broiler and cook until bacon is crisp on both sides.

### Oyster Curry.

2 dozen oysters.  
1 tablespoon butter.  
1 tablespoon flour.  
1 teaspoon curry powder.  
¼ teaspoon salt.  
¼ teaspoon pepper.  
1 teaspoon lemon juice.

Heat the oysters in their own juice, and when they curl, remove from the fire, drain and place in a baking dish. Melt the butter in a saucepan, add the flour, salt, pepper and curry powder, also the lemon juice and rub to smoothness with the liquid from the oysters, then pour over the oysters, sprinkle the top with a dash of cracker crumbs and place under the broiler for a few minutes to brown. Serve in baking dish.

## A GLORIFIED CLEAR SKIN

A clear, smooth, lovely skin enhances personal attractiveness! More happiness and friends may depend upon it.

The way to the skin is through the blood. Rich, red, healthy blood nourishes the body and aids in protecting it against infection and disease.

When you take S.S.S. to get rid of these outside blemishes you are building up the system to ward off graver diseases.

**S.S.S.**

If you are one of the embarrassed—and men are not exceptions—with skin blemishes that linger, and sometimes leave scars, you will want to possess body power to clear up your skin.

S.S.S. will help Nature give you this power. Internal healthfulness will then reflect in your skin a natural loveliness—a skin glorified.

Millions of people have taken advantage of the wonderful medicinal properties in S.S.S. It gives to Nature what it needs to build you up so that your system may throw off the cause.

When your system is filled with rich, red blood, the body's

power of resistance to infection and disease is raised. Your appetite should improve. Firm flesh should take the place of that which was once flabby. You should sleep soundly. You should feel strong. Your nerves become steady.

Take S.S.S. daily at mealtime. It promotes healthy body building. Seek energy, vitality and a clear skin through the great blood tonic which is made from strictly fresh vegetable drugs and has stood the test for over 100 years.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

**FRIGIDAIRES**  
in use!

...more than all other electric refrigerators combined

Today Frigidaires are being bought at a rate far beyond the most optimistic forecasts. 1930 promises to break all records in the history of the business.

Everywhere, the preference for Frigidaire is so decided—Frigidaire is the choice of the majority by such overwhelming odds—that the number of Frigidaires in use now totals more than 1,300,000—more than all other electric refrigerators combined.

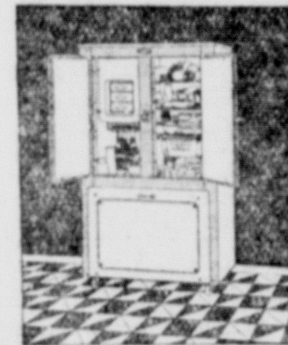

The reasons for this outstanding preference are easy to understand.

Frigidaire is equipped with the famous "Cold Control"—a simple patented device that enables you to speed the freezing of ice cubes and desserts, at will.

Every model has a surplus of power—insuring low refrigerator temperatures regardless of heat in the kitchen. The mechanism is concealed and quiet. All household models have convenient elevated shelves. And all combine the beauty of porcelain with the strength of steel. They are smooth, lustrous, rust-proof Porcelain-on-steel inside and out.

Then, too, in addition to all these features, Frigidaire now offers the new Hydrator—a moist air compartment that "freshens" vegetables and keeps them crisp and firm until used.

Call at our showroom and inspect the Frigidaires now on display. Come in at your first opportunity.

# SPACIOUS! legroom--headroom DYNAMIC NEW ERSKINE

You ride in comfort in The Dynamic New Erskine. It is a BIG car of 114 inch wheelbase... impressive... dynamic! Its 70-horsepower rubber cushioned engine provides a superabundance of power per pound, which is unleashed by a new full-power muffler, pioneered by Studebaker. Response is instant—dynamic! The Dynamic New Erskine proves its quality by such advancements as Duo-Servo 4-wheel brakes; Hydraulic shock absorbers; Costlier double-drop frame; Self-adjusting spring shackles; Thermostatic cooling; Ross cam-and-lever steering.

## CHURCH TO GIVE KWANIS SPEECH

County Commissioner Of Health To Address Columbiana Club

COLUMBIANA, Mar. 6.—At the meeting of the Columbiana Rotary Club Monday evening in the Park Hotel, two representatives of the Industrial Film Co., Messrs. MacRae and Hawkins, had charge of the program. They showed interesting motion pictures of the manufacture of men's shoes and also a film of fishing in Canadian waters.

Dr. T. T. Church, county health officer will be the speaker at the meeting next week. On March 17th, the Rotary club and the C. C. L. will hold a joint meeting of the Lutheran church, wives of Rotarians and husbands of the members of the Mother's Club will be guests. The Lutheran ladies will serve a dinner.

Fifteen neighbors and friends of Mrs. Elizabeth Wining held a birthday surprise party for her Tuesday evening at her home, N. Main St., the affair being arranged by her daughter, Mrs. B. E. Mather. Mrs. Wining was presented with some lovely gifts and a lunch was served. The men of the Methodist church are planning a Father and Son banquet to be held in the church basement Thursday evening, March 13th. Mr. Scott of Ravenna has been named as the speaker.

The Scoutmasters of the northern part of Columbiana County, enjoyed a supper-conference Monday evening at the Park hotel. The affair was in charge of county executive, Chas. E. Felton of Lisbon.

Routine business was transacted at the meeting of the Columbiana Board of Education Monday evening. It was decided to hold the annual spring school vacation during the week of March 30th. The local teachers will attend the annual county institute at Lisbon Saturday.

Mr. and Mrs. W. R. Simpson and daughters, Helen and Carol and Miss Florence Hively were Sunday dinner guests of Mr. and Mrs. Paul Hively, Youngtown.

Mr. and Mrs. Raymond Metz, Youngstown, were week-end guests of the former's parents, Mr. and Mrs. Henry Metz, Middle St.

Mrs. Mary Lodge, teacher in the Cleveland schools, spent the week-end with her parents, Mr. and Mrs. Fred D. Lodge, and family, S. Elm St.

Mrs. Howard Holloway is recovering slowly from a severe attack of the flu at her home, S. Main St. R. H. Vaughn attended a farm bureau meeting at North Jackson, Saturday evening.

Jimmy, son of Mr. and Mrs. Dick Fitzpatrick, is confined to his home with the whooping cough.

Mrs. H. A. Fullerton has been ill with the gripe for several days at her home, W. Salem St.

End Eczema

Tortures Forever

No Need to Suffer Another Day

There is one simple yet inexpensive way to stop the itching and torture of Eczema instantly, and that is to apply Moone's Emerald Oil night and morning and people who suffer from any embarrassing or disfiguring skin trouble would be wise to banish it before it reaches a more or less chronic stage.

Ask any first-class druggist for an original two-ounce bottle of Moone's Emerald Oil (full-strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces last a long time, and furthermore, if this wonderful discovery does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Emerald Oil at once. By applying night and morning as directed they will quickly notice an improvement which will continue until the veins and bunnies are reduced to normal. Adv.

## Convicted "High Priestess"

Mrs. Mary Otis Blackburn, "north star" of the mysterious cult of the Royal Arm of the Great Eleven, and her daughter, Mrs. Ruth Wieland-Rizzo, who testified that she had often seen angels when she took the witness stand to explain the strange religious sect of which she and her mother have been guiding forces. Mrs. Blackburn was found guilty of theft upon the complaint of Clifford Dabney, wealthy oil operator, who said the "north star" had bilked him out of a cool \$40,000 in connection with her proposed book "The Great Sixth Seal."

BERNE—Swiss industry continues to recover from World war depression. In the last six years 700 new factories were built, making a total for the country of 8,500 employing 400,000 persons.

MANILA, P. I.—Taxicabs built on the lines of those used in the United States have been introduced here. The public gave them a cordial welcome as a big improvement over the city's old horse drawn and ramshackle public conveyances.

## Are You expecting a Baby?

THOUSANDS of expectant mothers are now cheerful and happy. Their waiting months have been made comfortable and they will be better prepared when the great moment of childbirth arrives. This has also been true of countless thousands of expectant mothers for over 60 years who have used "Mother's Friend," that time-tested, scientifically prepared skin lubricant and pain-reliever which originated in the prescription of an eminent obstetrician. You, too, may enjoy the comfort "Mother's Friend" gives. It is so soothing and relaxing! Brings relief promptly. Very valuable in keeping the breasts in good condition. Also puts you in fine shape for the approaching ordeal. "Mother's Friend" is on sale at all drug stores, \$1.25 per bottle. Try a massage with it tonight and notice the ease and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address: Bradfield Regulator Co., Dept. 12, Atlanta, Ga.

## "FIRST A SHADOW, then a sorrow"

(Henry Wadsworth Longfellow, 1807-1882)

"Coming events cast their shadows before"

## AVOID THAT FUTURE SHADOW\*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Women who prize the modern figure with its subtle, seductive curves—men who would keep that trim, proper form, eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain the lithe, youthful, modern figure.

**Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED."** Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

## "It's toasted"

Your Throat Protection—against irritation—against cough.

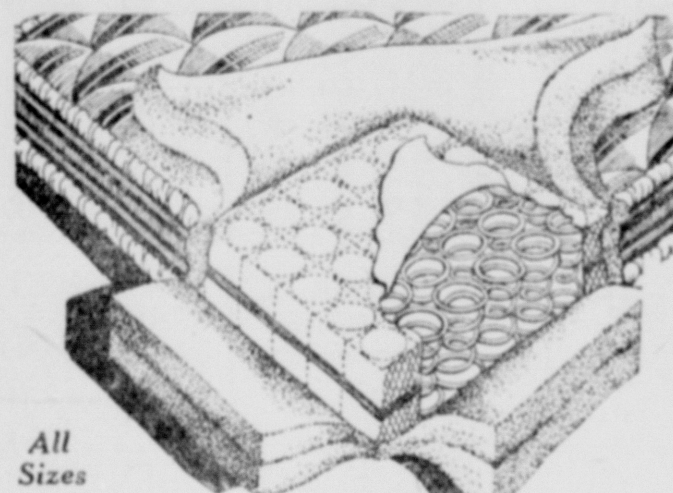

\*Be Moderate! . . . Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
